IN ANY CASE, THESE ARE THE MOST DEMANDED VISITS:

THE WHALE'S JOURNEY (GUIDED TOUR)

Visit that is carried out with a monitor with whom we will stop in some areas of the museum (skeleton of a right whale, marine natural sciences, etc.) and then go to the aquarium area and discover the fauna of different oceans.

Visit that is carried out with a monitor with whom we will stop in some areas of the museum (skeleton of a right whale, marine natural sciences, etc.) and then go to the Aquarium area and discover the fauna of different oceans.

- The whale of the Basques.
- The whale! The history of whale hunting.
- The Cantabrian Sea.
- Other seas.

RATE / LOW SEASON

- 6 per student.
- 0 € group leader.
- Instructor 35 €.
- Maximum 25 people per group.

RATE / HIGH SEASON

- 6,5 per student.
- 0 € group leader.
- Instructor 35 €.
- Maximum 25 people per group.

GUIDED TOUR OF THE INTERNAL AREA OF THE AQUARIUM

On this tour we offer a general visit to the most interesting points of the Aquarium and then a visit to the internal areas of the Aquarium, where we can see the cold water quarantines, hot water quarantines, the "fish kitchen" etc.

SELF-GUIDED TOUR AQUARIUM

The group will be able to freely explore the Aquarium and take a tour based on their needs and interests.

REMEMBER: ALWAYS KEEP YOUR AQUARIUM BOOKING CONFIRMATION WITH YOU.

Bus route to enter the AQUARIUM via PASEO NUEVO.

At the end of the route, the bus will arrive at a roundabout. Get off here and head straight to the steps or public lift (1) leading to the AQUARIUM ENTRANCE.

Once at the AQUARIUM entrance, one of the group leaders should go to the ticket office (although a member of staff from the education team will probably already be waiting at the entrance).
